## Welcoming Your New Executive

Now that our transition is completed we are excited to start planning events and working with you all in your personal, academic, and social lives. Here's what we're planning for this month.

## A Message From the President

Hey everyone!

Before we jump into another big year for SOCS, I thought I'd take a minute to introduce myself. My name is Rhea and I've been involved with SOCS since my first year at McMaster. Since SOCS has done so much for me, I knew I had to get involved as soon as I could. As I'm given the opportunity to be your President for the 2017/2018 year, I'm beyond excited to work with many faces, old and new, to better the off-campus experience for students of all years. With the new executive team fully transitioned, expect to see some exciting things happening this year in terms of stress busters and community wide events! That's all from me for now, but please feel free to reach out to me at any time about anything!

Sincerely,

Rhea Desai  
SOCS President  
2017/2018

With our transition this past February, this is what we would like to share with you for the upcoming month.

# A Message From Administration

One of my ideas was working on redistributing the newsletter. After some conversations between exec and myself, we have decided to test distributing the newsletter over some new avenues.

Some other things I've been up to this month are organizing the office, updating the website.

We are open now for office hours so please come by for a visit.

# A Message From Promotions

The first month of being in Promotions, successful advertisements were run during the SOCS representatives applications 2017 for the past two weeks. These constant and beautifully done advertisements and promotions will continue throughout the year.

For the next goals this upcoming month, I hope to provide more engagement through each social media platform. Perhaps even a teaser video of general topics, such as, "Meet your team" or even "What is SOCS". You are more than welcome to any ideas to what you would like to see us do, in any creative way at all! Overall, these upcoming days will provide consistent updates about future information about repping status and anything that is going on around the community and SOCS.

\*Provide any questions or comments to [socsvppromo@gmail.com](mailto:socsvppromo@gmail.com)

# A Message From Education and Community

Hey SOCS, hope everyone is doing great!

This month we have a lot of stress busters coming your way! We have study rooms, chill zones and... is that barking I hear? Must be the THERAPY dogs. Keep your eyes and ears open! Please let me know if there is anything I can do to make our community better and how I can adhere to your educational needs!

VP OUT

# A Message From Finance

Just a quick update for the first month!

I have been working with the other members of exec to come up with this years expected budget breakdown. This is a general breakdown, if you'd like to see all the details they can be found at [macsocs.ca](http://macsocs.ca). I have also started to contact businesses around campus for sponsorships and currently have 3 interested businesses!
